Death Of Me
(Tauren Wells, Michael Fordinal)

This is the death of me, oh
The death of me, oh
The death of me, oh
The death of me, oh

Lost, I was wandering around
Hoping I could find a place
I'd be more than just a face in the crowd
I heard one day You came
Turned the lost into the saved
Now You're showing me the way
All along I've been believing I was living

But now that I'm free I finally see
Living's worth dying for
Buried with You
You're making me new
The old man's dead and gone
This is the death of me, oh
The death of me, oh
The death of me, oh
The death of me, oh

Your words were just ink on a page
Always so hard to believe
Until You revealed to me that
Your love stepped into the world
Now my past has been erased
'Cause You saved me with Your grace, Your grace
All along I've been believing I was living

No more holding on to all my secrets
No more living with these broken pieces
Now my life's been changed
Today is a new day
And I'll never be the same
No, no, no

Make A Move
(Tauren Wells, Blake Hubbard, Chuck Butler, Tony Wood)

Mr. Good Intentions, so much I wanna do
My mouth just keeps on running
But I never follow through
I heard that true religion is love with hands and feet
I wanna find my own way
To reach a world in need
I've been captured by the unimportant
Locked in and now it's time to break free

There's more to life
Open my eyes
Someone is needing you
So I gotta make a move
What good are words
When this world hurts
Real faith will come through
When I make a move

We don't need permission to go outside of these doors
And dream some crazy dream
No one else has dreamed before
To show love and compassion
Whatever way it may be
To put faith into action
Do more than just believe
We are hope to those who have been broken
We were made to make a difference

I've been captured by the unimportant
Locked in and now it's time to break free
Now it's time to break free

Freefall
(Tauren Wells, Blake Hubbard, D.J. Cox, Tony Wood, Chuck Butler)

Two steps beyond the edge
I can't undo this leap of faith
Takes my breath away
So high above the ground
You've got me hanging in mid air
Between here and there
Now all I have is You

I'm not afraid
I know I'm safe
It's a chance but my choice is made
I'm not alone
You won't let go
And I know through it all

You hold me in the freefall

If I just believe my eyes
I'd see I should be terrified
But I'm so alive
I don't know how or when
But I believe that You'll come through
Lord, I'm trusting You
Can't wait to see what You will do

I'm falling, I'm falling, I'm falling

You got me falling from the sky with no parachute
Thinking I can fly but I know it's You
Got me up here, no fear, no tears
Mind's clear 'cause I know You're here
Can't wait to see what You will do

Control
(Tauren Wells, Chuck Butler, Nate Smith)

This world is ra ra
In a bad romance, going ga ga
You know we're gettin' played by the love game
And hypnotized by all the fame
But I believe we can't back down from the fight
It's not okay with me to just be silent
Won't be silent, silent

No, we won't let them take control
We won't go with the flow
We've got to stand together
It's all plastic and I can't be a fake
It's all static, every word that they say
We won't let them take control
Won't let them take control

Life is short, baby tik tok
Ain't got no time for your blah blah (nah nah nah)
'Cause girl we don't need your drug
No, no, we don't what you're calling love
'Cause I believe that you're either yes or no
You're hot or cold
No teenage dream could ever be worth your soul
Never worth your soul

Burn like a fire
Shine like a diamond
See a flash when I smile
Brighter than Kanye's
Comes to the heart
Gotta guard what we buyin'
Can't you see they all got you tryin'
To fall in love with your stereo

So they control what you think and everywhere you go
But greater is He who lives inside of we know
He won't lose fight
That's right

Gravity (Pulling Heaven Down)
(Tauren Wells, Daifah Davies, Aaron Lindsey)

What's love without a heart that it can teach
What's war without a cause
What's hope without humanity in need
What's a win without a loss
I know, I know we fight against gravity
But gravity's no enemy
Yes, I know, I know we fight against gravity
But gravity is what we need

It's pulling Heaven down, down, down
It's pulling Heaven down, down, down
How could it be the gravity that holds me to the ground
Is pulling Heaven down, down, down

What's free if there's no chains to be found
What's death without a cost
What's truth if we keep it out of reach
Who's Christ without a cross
I know, I know we fight against gravity
But gravity's no enemy
No, I know, I know we fight against gravity
But gravity is what we need

Gravity found us a Savior
Put Him on Earth so He could save us
No love, no force is greater
Heaven meets Earth, that's the gravity of love

Pulling Heaven down so look up there's a change in the wind
A revolution is about to begin, love wins
Yeah, I'm talking about a holy visitation
For God to come and visit, this nation's patiently waiting
For Him to move like He said He would move
Ready for God to do anything that He wants to
The time is now to pull, if you ask me, I'm not afraid of gravity
It's pulling Heaven down

Hold Me Together
(Tauren Wells, Chuck Butler, Tony Wood)

Hello Mercy, I have been searching for You lately

I've been wounded and from what I hear
You have the remedy
They told me You would be for me so now I need to know
Is this a love that can save me
Or say You will then don't
Will You stay with me when nobody is around
If this is real, then tell me now

Can You hold me together
Can Your love reach down this far
Can You hold me together
'Cause without You holding my heart
I'm falling apart

Saying so long, been lost, been gone
Not sure what to pray
It's not easy but I know You see me
When I lose my way
I keep on floating not knowing if there is more for me
Don't want to sink beneath waves of negativity
I'm going under, I'm afraid that I might drown
If this is real, I need You now

I'm feeling stronger
With You by my side
And I realize You are my hope
I need to know

Without You, I'm falling apart
Falling apart

Wannabe
(Tauren Wells, Seth Mosley, Juan Otero, Daniel Kinner)

I was just walking home
IPod and my headphones on
Thinking 'bout who I wanna be
TV, magazines and the billboards
All say I'd be cool if I had more
But that's a lie I must ignore

This world just keeps on trying
But it ain't satisfying
This hunger in my soul
'Cause they don't even know
That my identity
Is more than what they see
It's in the One who came to set me free
So I can be who I wannabe

Gotta friend lives down the road
Livin' life like a TV show
But his big ol' house is not a home (nah nah nah nah)
Gotta Benz, got friends but he's not sure

Would they be there if he was poor
That's not the life I'm looking for

Black & White
(Tauren Wells)

Yes, you've been on my mind
I've been drifting for quite some time
And this life is paralyzing
This life is paralyzing me
I can't see through the grays
Truth has been lost in the haze
And I need someone to save me
Truth's all I want, all I want is You
You're all I want, all I want, all I want

'Cause there's black and there's white
And there's wrong and there's right
I can't go one more night
Without telling You that I am sorry
For all of the pain that I've caused
I've been gone for so long
Without telling You that I am sorry
Can you hear me
Please forgive me

I'm screaming through the noise
Tell me You can hear my voice
'Cause I am so lost without You
I am so lost without You here
I need some clarity
Need Your spirit leading me
My vision's getting blurry
Truth's all I want, all I want is You
Truth's all I want, all I want, all I want

I've been locked in this maze for so long
Show me the way back home
Open my eyes to see You

Truth's all I want, all I want is You
Truth's all I want, all I want, all I want

Yes, You've been on my mind
I've been drifting for quite some time
And this life is paralyzing
This life is paralyzing me

Run To Love
(Tauren Wells, Blake Hubbard, Tony Wood, Chuck Butler)

You hide secrets in your sleeves
You hope that no one else will ever see
The truth is everyone has scars
It doesn't matter who you are
Heartbreak's got you on the move
Tell me, where's it taking you

Run, run, run to love
Run to love
'Cause love, love waits for us
Waits for us with open arms
Run to love

Always trying to impress your friends
Intoxicated by adrenaline
You're racing down a dead end road
We all know how that story goes
You live like there's nothing left to lose
What if that isn't true

Come closer now
And hear the sound
Love's calling out

Hope
(Tauren Wells, D.J. Cox, Blake Hubbard, Jarrod Ingram, Brandon Perdue, Jeremy McCoy, Kevin Bruchert)

When you're knocked down to the bottom
And you feel like you're still falling
And you're wondering when the brighter day's coming
You've been lost
They keep playing that old sad song on the radio
And you feel like they're telling your story
You're like a ship that's floating in the dark
And the fog's so thick you can hardly see the stars anymore
And you're looking for a way
You're looking for a way home

Hope
He'll light the way
You'll find your way to
Hope, hope
Everybody's looking for, they're searching for
A place to put their
Hope, hope

This life is a struggle
And you're so far 'cause you've been running
And you put trust in all of the wrong things
High class, you've got everything
It won't last, you'll be empty 'cause

True love's not marked with a price tag
No, you can't buy that
You're like a ship that's floating in the dark
And the fog so thick you can hardly see the stars anymore
And you're looking for a way
You're looking for a way home

I can see it in your eyes
You've been looking for a better life
But you don't where to find it
Well get ready, I can see the rising sun
And your change is 'bout to come
Yeah, your change is coming

Love Is Here
(Tauren Wells)

Henry, you've been waiting and now this day has arrived
Why did it take the rock bottom to make you realize
What you've been missing is something that's very valuable
A timeless gift that will ease your mind and rapture your soul
Look with your heart, not your eyes, you'll see the miracle
That hope is here and it's making itself available
This is your chance
If you miss it then you may miss it all
It's critical

Love is here (no matter where you are)
Love is here (you can't escape your heart)
Love is here (it's more than we deserve)
Love is here (you keep hearing these words)
Love is here, love is here, love is here

Faith is waiting and hoping that in time you'll arrive
And though you're walking and breathing
Henry, you're not alive
You know that this way is not the way you were meant to live
Why do you hold yourself back when you have so much to give
And though you run away
Mercy can see your every move
It follows you

And though you run away
Mercy can see your every move
It follows you

Love is here, love is here, love is here
No, you don't have to look no more
No, you don't have to look no more
Love like you never felt before
Love like you never felt before

Love is here
He'll never leave, leave you alone
He's all you need, His love will be here
