

Fire On The Inside

Rob Beckley, Noah Henson, Rob Graves, Jason Roy, Chris Stephens

Days were so cold
Nights spent alone
Searching for that something
That I've never known
Held captive by the pain
Caught up in all the shame
My heart just won't stop playin' these head games
It's like a terminal disease
And now I've found a remedy

You, You're keeping You're keeping me alive With this fire on the inside

Now I see the sun
The battle wages on
Gotta watch my back this time
So I know where it's all coming from
It's like a shadow I can't see
And it's sneaking up on me

Whatever It Takes

Rob Beckley, Jasen Rauch, Rob Graves

What would it take
To make you see me
The way that I see you
What would it take
To make you want me
The way I've always wanted you

I don't know why You're in everything I see I can't deny That you're everything I need So I'm reaching... Whatever it takes to get to you
Whatever it takes to breakthrough
Whatever it takes you are my reason
For everything I do
Whatever it takes
(Whatever it takes)
Whatever it takes to get to you
(Whatever it takes)
Whatever it takes
(Whatever it takes)

What would it take?
To make you fall for me
The way I fell for you
What would it take?
To make you fight for me
The way I always fought you

I don't know why You bring me to my knees But I can't unwind From how you've twisted me But I'm reaching...

To get to you
To get to you
To get to you

Secrets And Regrets

Rob Beckley, Skidd Mills

No matter how hard you try to You can't make the clock rewind to The moment that you lied to yourself It never really mattered how they felt

Your secrets and regrets
Are keeping you from going very far
And you can't let all this get you down
And keep you living in the dark
'Cause all you're lookin' for is love
(You're living in the dark)

You just can't get enough Your secrets and regrets

You're holding all this pain inside you Can't seem to leave it all behind you Tomorrow will be today soon Don't wait until it's too late to move

How many times do you need second chances? Not everybody gets another second chance

No more secrets (No regrets) You're living the dark

Better Off Now

Rob Beckley, Jasen Rauch, Rob Graves

All of this is changing
None of this seems real
I just keep on waiting
To see if I can feel
Something like an angel watching over me
Maybe that's exactly what's in front of me

'Cause I'm better off now
Since you came around
You've gone and shown me
Everything I needed just to see that I am
Better off now
Since you came around
All I had to do is see what I could be
So I could know I'm
Better off now

I've wasted so much time now Just to try and find The answer to the question I've tried so hard to hide I never knew emotions Could ever run this high I was so far down I lost the will to try

Day after day I threw it all away I'm never turning back That way again

Not Without A Fight

Rob Beckley, Noah Henson, Jasen Rauch, Rob Graves

There's a hole in my heart that's bleeding But it's given me strength I needed To carry on, I'm moving on I'm not giving up that easily I can see the black cloud breaking But it doesn't stop the scars from aching I'm standing strong it won't be long 'Til I see you face to face

I'm not going down that easy
It takes more than that just to break me
I'm not going down without bleeding
I'm not going down, down without a fight

It never mattered what I took for chances
It never mattered where I looked for answers
I'm taking the blame
This isn't a game
I just can't watch you fake it

I won't go down without a fight It's just you and me tonight Face to face and do or die I'll lay it all out on the line

Will You Be There

Rob Beckley, Noah Henson, Rob Graves

Tell me when it's over
Never thought we'd be here
Moments passing by, I'm losing you
So much that I never knew
I couldn't bring it out of you
Caught up in the history, it won't let you go
Go...

When the sun comes up tomorrow Will you be there?
Will you be there?
If I fade away tomorrow
Will you be there?
Will you stay here?

Tell me it's not over
I can't see it anymore
All the love is passing by, I'm losing you
Of all the things I ever said
Never meant so much regret
Hard to see the future if the past is in the way

Can we find a way?

There is just one thing about you It's I just can't live without you So I'll just keep holding on

Shine

Ed Roland

Give me a word, give me a sign Show me where to look And tell me what I will find What will I find? Lay me on the ground Fly me in the sky Show me where to look and Tell me what I will find What will I find?

Whoa, heaven let your light shine down

Love is in the water
Love is in the air
Show me where to go and tell
Me will love be there
Will love be there?
Teach me how speak
And teach me how to share
Tell me where to go and tell me
Will love be there?
Will love be there?

Call To Action

Keith Wallen, Travis Wyrick, B. Reynolds

I don't believe your dull reaction What we need's a call to action Display it in your coldest caption What we need's a call to action

So long to what could never heal So long to your distant memory So long to what could never be

You build me up to break me down again You kill me once you kill me every time Your disbelief it keeps me waiting in line

So long to all your remedies So long to your desperate misery So long to what you think of me You kill me once you kill me every time (Action)
Waiting in line, waiting in line (Action)

And at this moment I'm standing forward (Action)
I've tried it your way so how do you like me now?
Like me now
How do you like me now?

Lose It All

Rob Beckley, Noah Henson, Keith Wallen, Rob Graves

Can you tell me why
We all run from the hurt inside
There's no need to cry
Dry your eyes and take a breath
It's life or death
Can you tell me what you're waiting for?

If you lose it all
And it just won't feel the same
In the fight carry on
You stand and face the rain
And as you watch it fall
You learn to live again
It isn't all that bad
When you're still standing in the end

Give this one more try
Take my hand let your heart decide
Hold your head up high
Close your eyes and take a breath
It's life or death
Can you tell me what you waiting for?

All the voices cry out them Pull you up tear you down Then that One voice Whispers your name again

You Are Not The End

Rob Beckley, Noah Henson, Rob Graves

Another time and a place Another slap in the face I don't know what it takes To be loved by you Another shot in the dark And now it's falling apart But I won't let my heart Be broke by you I feel for you

You can try to break me down and then Like a phoenix I will rise again I always do I always do

I won't let you win
You are not the end of me
I won't let you win
I won't let you bring me to my knees

Another simple mistake
Causing hearts to break
And stirring up a wake
That was left by you
I don't think I can wait
Because I'm setting the pace
I'm going to finish the race
'Cause I started to
I always do

You can try to take the rest of me But you'll never get the best of me I won't let go

Until that final day I won't walk away You're not the end of me Won't get the best of me
